State Testing (CMAS)

April 8th-25th

CMAS (Colorado Measures of Academic Success) is a state standardized test that all 3rd-8th grade students take during the month of April. Students are testing in the academic areas of math and English language arts. Fifth and 8th grades are also tested in the area of science.

Please ensure if you have a 3rd-8th grade student that they are at school each day during the testing window, and are on time and well rested.

Testing will take place on Tuesdays, Wednesdays, and Thursdays first thing in the morning. Please do not schedule doctor appointments during this time. If a student is pulled from a testing session for an early out, this will invalidate his/her entire test.

We thank you for your support and encouragement of your student(s) as they prepare to take this test showing all they have learned this year.
